[vravirao@iu.edu](mailto:vravirao@iu.edu) | [linkedin.com/in/vigneshwarravirao/](https://www.linkedin.com/in/vigneshwarravirao/)

## Education

Indiana University Indianapolis

*Master of Science, Applied Data Science*

Coursework: Database Design, Statistics for Data Science, Data Science Programming

Indianapolis, USA

Expected Aug 2026

College of Engineering Guindy, Anna University

*Bachelor of Engineering, Mechanical Engineering: GPA: 7.88/10*

Coursework: Differential Calculus, Matrices, C programming

Chennai, India

Apr 2020

## Technical Skills

Programming Languages: Python, MySQL, R, Excel VBA

Libraries: Numpy, Pandas, Matplotlib, Seaborn, Selenium, BeautifulSoup, Regex

Technologies: Snowflake, BigQuery, Tableau, Snowflake

## Experience

Tata Consultancy Services Ltd.

*Data Analyst*

Chennai, India

May 2021 - Jul 2024

- Collected 15,000+ sales leads through web scraping using Python, cleaned the data and integrated it into the master customer database.
- Saved 3 weeks of manual work by developing a Python tool to streamline the integration of acquired customer data during a mergers and acquisitions process.
- Developed tools for quality checks and productivity improvement using Python and Excel VBA, automating repetitive tasks.
- Identified active and inactive customers by analyzing sales data with SQL in Snowflake, enabling targeted marketing strategies.
- Created training materials for end-users on new data tools and processes, improving team efficiency and reducing onboarding time.

*BOM Analyst and Excel VBA Developer*

Oct 2020 - Apr 2021

- Automated the extraction and consolidation of BOM data from multiple sources using Excel VBA, decreasing manual effort by 85% and saving \$9,000.
- Developed custom macros for generating weekly reports, enhancing reporting speed and providing stakeholders with real-time insights.
- Collaborated closely with design engineers to clean and validate BOMs for two car models, ensuring accurate and error-free results.

## Professional Certificate

Scaler Academy

*Data Science & Machine Learning*

Coursework: Probability & Statistics, Hypothesis Testing, Math for ML.

Chennai, India

Nov 2022 - Jun 2024

Projects

- Exploratory Data Analysis (EDA) using Python & its libraries - [Github](#)
- Data Analysis using SQL

## Awards

- **Best Team Award** - Recognized for outstanding contributions during mergers and acquisitions, streamlining the customer data merging process.
- **On the Spot Award** - Awarded for improving team efficiency by developing automation tools for tasks such as data entry and quality checks.

## Leadership / Extracurricular

Tata Consultancy Services Ltd.

*Instructor*

- Taught Python to trainees through training sessions for a period of 2 months.

Chennai, India

Nov 2023 - Dec 2023

National Service Scheme

*Volunteer & Organizer*

- Organized a one day medical camp for our college sanitary workers.
- Raised awareness on child education, cleaned community spaces and engaged in tree plantation activities by participating in a rural camp.

Chennai, India

Sep 2016 - Jun 2019
